

**Figure 3. Count of Schools by Range of HIBT Incidents**  
**2006-07, 2007-08, 2008-09**

**NOTE :** Threat was dropped in the 2007-08 reporting year as a unique type of violence. Districts now report threats in the violence type, Harassment, Intimidation, Bullying, Threat (HIBT). In producing the 2006-07 data for this chart, reports of threats were combined with reports of Harassment, Intimidation, Bullying (HIB); an incident that included both a threat and an HIB incident was counted only once as an incident of HIBT.
